THANKS TO THE OFF ROAD FAMILY.

I want to take a break from technical stuff this time and talk about the year and the amazing people out there in the dirt bike fraternity.

It seems many of you out there may be aware of my serious illness that suddenly overcame me 3 weeks prior to the Roof. For these who have not heard I went down from one day to the next with serious colon problems. So serious that in 6 weeks, dropped from 73 to 57kg and lay in hospital over 3 weeks in critical state with doctors wanting to remove my entire colon. I am home now (still with dear colon) and fighting for recovery. I am improving but it is still nerve racking. I cannot even begin to tell you how much support I have received from Gary Franks and entire off road family. All I can say in that it has moved me, humbled me and made me sure that you out there are an incredible bunch of people and no matter what happens I will endeavour to give the best suspension services and support to this industry to which I am truly interested and amazed by. I can only say a huge thanks: you are a special bunch indeed!

I personally up until my illness had a great 2010 and got much joy from "Hayward Suspension" bikes winning all off road and enduro Championships junior through seniors.

Thanks Jade, Louwrens and Tyron, incredible job guys! This means Hayward Suspension bikes brought home 12 National titles in the last 2 years.

I seem to be almost back on my feet now and am working again. I pledge to support and enhance and make as safe as possible all your riding experiences in 2011 by professional suspension service and expertise.

Once again you guys and girls are incredible!
Thanks for all your prayers and support!
Hilton
